

h1>Alkyd solvent

Physical state: Liquid

Color: Colorless

Odor: Characteristic

PH value: Not applicable. Change in condition

Melting point / Melting range: Undetermined.

Boiling point / Boiling range: 56 - 140 ° C

Flash point:> 23 ° C

Auto-ignition temperature: not determined

Danger of explosion: Product is not explosive.

However, formation of explosive air / vapor mixtures are possible

Application:raw material for the production of other solvents used in the paint and varnish industry, it also finds other applications according to the needs and technology of the recipient

Pack size

200 L

PRODUCT DESCRIPTION

Alkyd solvent

The alkyd solvent is a high-quality product, does not contain water, does not turn yellow and does not discolour the diluted product. It is used industrially as a base solvent, raw material for other solvent compositions used in the paint and varnish industry. The acrylic solvent is a high-quality colorless mixture of slow-drying organic solvents. Used in industry as a solvent, a raw material for the production of other solvents used in the paint and varnish industry, it also finds other applications according to the needs and technology of the recipient.

Physical state: Liqui

Color: Colorless Boiling point: 56-140 ° C Flash point:> 23 ° C Density at 20 ° C: 0.850 - 0.870 g / cm³
Water solubility: Not miscible.Hazard pictograms

Labels for hazardous chemicals and mixtures that are part of the Globally Harmonized System of Classification and Labeling of Chemicals (GHS). The pictograms recommended by GHS have the shape of a square set on the top. They should contain a black symbol on a white background with a red border.

Priority rules to be observed in connection with the labeling of a substance:

- the skull and crossbones, the exclamation mark pictogram should not be added.
- corrosivity, the pictogram exclamation mark should not be added if it concerns eye or skin irritation.
- health hazard determining respiratory sensitization, the exclamation mark pictogram should not be added if it concerns skin sensitization or irritation to eyes or skin.
